Extension of residence rights for displaced persons from Ukraine

Displaced persons from Ukraine have a **temporary right of residence in Austria**. This right of residence is currently valid until 3 March 2023 and is **automatically extended until 4 March 2024**.

The temporary right of residence for displaced persons from the Ukraine is documented by an “identity card for displaced persons”. However, **the right of residence will continue to exist in any case after 3 March 2023 irrespective of the validity date on this identity card**.

No further steps will be required on your part. The Federal Office for Immigration and Asylum (BFA) will **automatically** issue all already registered displaced persons residing in Austria a **new ID card with an extended validity date**.

Important: Please make sure that you notify the registration office immediately of any change in your place of residence so that the ID card can be sent to you. You can find more information about this here: <https://www.oesterreich.gv.at/en/themen/dokumente-und-recht/an-abmeldung-des-wohnsitzes.html>.

If further information is required from you for the extension of the identity card for displaced persons, the responsible organisational unit of the BFA will contact you.
